Brief Report

on

SARI/EI Delegation visit to Lahore, Pakistan for a) Participation as Resource Persons in the workshop organised by SAARC Energy Centre on "SAARC Perspective Workshop on the Past, Present and Future of High Voltage DC (HVDC) Power Transmission held on 30th September - 01st October, 2015 at Lahore, Pakistan "

&

b) Meeting with Senior Officials of National Transmission and Despatch Company (NTDC), Pakistan & Central Power Purchasing Agency (CPPA), Pakistan on 2nd October, 2015.

SAARC Perspective Workshop

"The Past, Present and Future of High Voltage DC (HVDC) Power Transmission"

30 September – 01 October 2015 Lahore - Pakistan

Organized by
SAARC Energy Centre, Islamabad in collaboration with
National Transmission and Dispatch Company Limited, Pakistan

SARI/EI/IRADe Delegation members

Mr. V.K.Kharbanda, Project Director, SARI/EI, IRADe

Mr. Rajiv Ratna Panda, Senior Project Manager, SARI/EI, IRADe

SARI/EI Delegation comprising Mr. V. K. Kharbanda, Project Director, SARI/EI, IRADe & Mr. Rajiv Ratna Panda, Senior Project Manager, SARI/EI, IRADe, participated as Resource Person in the SAARC Energy Centre's workshop titled "SAARC Perspective Workshop on the Past, Present and Future of High Voltage DC (HVDC) Power Transmission" held on 30th September - 01st October, 2015 at Lahore, Pakistan. The workshop was inaugurated by **Ch. Abid Sher Ali, Hon'ble Minister of State for Water & Power, Pakistan**. The event was attended by around 70 participants from South Asian region. SARI/EI delegation made three paper presentations on following topics:

- 1) *South Asian Power Sector: Investment Prospects, Challenges and Issues*
- 2) *Harmonization of Grid Codes, Standards and Operating Procedures for Transmission System Interconnections (both HVDC and HVAC) for facilitating/promoting CBET in South Asia Region.*
- 3) *SARI/EI: Key Activities undertaken and the Way Forward.*

Mr. Kharbanda made a presentation on South Asian Power Sector: Investment prospects, challenges and issues. The presentation covered a) Overview of South Asian power sector b) Resource potential across South Asian region c) Key drivers for investment in CBET and regional exploitation of resources d) Country-wise capacity addition planned & investment required e) Key cross border transmission lines planned and investment required f) Issues related to investment and financing of power projects, CBET infrastructure g) Risk profile, viability of the projects, lenders concerns and source of funding/financing options and financial sustainability of the South Asian power sector.
